1. The race groupings used in this table reflect the number of individuals who indicate a single racial identity. Individuals who self-identify as multiracial are counted
2. Although women do not serve in infantry positions, they do serve in other positions, such as gun crews, air crews, and seamanship specialties, which are also part of this occupational area.
3. "Non-occupational" may include students, patients, those with unassigned duties, and unknowns.
4. American Indian, Alaska Native
5. The Army does not report data on the number of active duty enlisted personnel in either the Native Hawaiian, Pacific Islander (NHPI) or "Two or more" category.
   Caution should be used in comparing the racial composition of the Army's enlisted force with those of the other Services.

1. The race groupings used in this table reflect the number of individuals who indicate a single racial identity. Individuals who self-identify as multiracial are counted in the "two or more" category.
2. Tables do not include 907 White, 36 Black, 5 AIAN, 9 Asian, 1 NHPI, 8 multiple race, and 33 unknowns.
   The total is 999 (16 Hispanic and 983 non-Hispanic) O-6 officers classified as general officers by the services.
   The "General Officer" category is officially called "General Officers and Executives, N.E.C." It includes "...all directors, planners and executives not elsewhere classified, and all Marine Corps full Colonels."
3. "Non-occupational" may include patients, students, those with unassigned duties, and unknowns.
4. American Indian, Alaska Native
5. The Army does not report data on the number of active duty officers or active duty officer gains in either the Native Hawaiian, Pacific Islander (NHPI) or "Two or more" category. Caution should be used in comparing the racial composition of the Army's officer corps or officer gains with those of the other Services.
6. Includes individuals who did not respond to the ethnicity question.

1. The race groupings used in this table reflect the number of individuals who indicate a single racial identity. Individuals who self-identify

   as multiracial are counted in the "two or more" category.

2. American Indian, Alaska Native

3. The Army does not report data on the number of active duty enlisted personnel in either the NHPI or "Two or more" category.

   Caution should be used in comparing the racial composition of the Army's enlisted force with those of the other Services.

   Rows and columns may not add to totals due to rounding.

1. The race groupings used in this table reflect the number of individuals who indicate a single racial identity. Individuals who self-identify as multiracial are counted in the "two or more" category.
2. American Indian, Alaska Native
3. The Army does not report data on the number of active duty officers in either the Native Hawaiian, Pacific Islander (NHPI) or "Two or more" category. Caution should be used in comparing the racial composition of the Army's officer corps with those of the other Services.

Rows and columns may not add to totals due to rounding.

1. Information applies to the home community of record reported by individual NPS and PS recruits. Socioeconomic classifications
   provided by Claritas, with matching done by zip code.

2. Second Cities are less-densely populated than urban areas. While similar to suburbs in their densities, second cities are the population centers
   of their surrounding communities. As such, many are concentrated within America's larger towns and smaller cities. This class also includes thousands
   of satellite cities, which are higher-density suburbs encircling major metropolitan centers.
   Rows and columns may not add to totals due to rounding.
   Data provided for only those individuals reporting a U.S. home of record.
