## The Offense Severity Scale UCMJ Codes for DoD Use

<b>LEGEND for interpreting the OFFENSE SUMMARY column</b>	
%	Code to be used only for offenses committed prior to Jan. 1, 2019 (offense codes changed as a result of the Military Justice Act of 2016 (MJA 16)).
#	Code to be used only for offenses committed either before or after Jan. 1, 2019 (unaffected by MJA16 changes to the punitive articles)
^	Code to be used only for offenses committed on or after Jan. 1, 2019 (offense codes created as a result of MJA 16)
*	Severity of offenses marked with an asterisk (*) are to be determined on a range of 1 through 8 by the classifier. Maximum punitive discharge is categorized as: Bad-Conduct Discharge (BCD); Dishonorable Discharge (DD); or None, as applicable. A death sentence includes a dishonorable discharge or dismissal (in the case of an officer) as appropriate. Confinement is a necessary incident of a sentence of death but not a part of it. (See “Other Penalties,” Rule for Courts-Martial 1004(e)). Maximum confinement is noted by: years (Y); months (M); life without eligibility for parole (LWOP (LWOP is an authorized sentence only for offenses committed after November 18, 1997, for which confinement for life would otherwise be authorized; for offenses marked “LWOP,” the maximum authorized confinement for offenses that occurred on or before November 18, 1997, is life); mandatory minimum life with or without eligibility for parole (MLif), Death; or as prescribed (PRES). A general court-martial may sentence an officer to a dismissal for any offense, regardless of whether a punitive discharge would be authorized for an enlisted accused.
