1. Because of changes in occupational coding procedures in FY 1998, data may not be comparable with figures in previous years' Population Representation reports.

2. Although women do not serve in infantry positions, they do serve in other positions, such as gun crews, air crews, and seamanship specialties, which are part of the "infantry" area.

3. Non-occupational includes patients, students, those with unassigned duties, and unknowns.

Rows and columns may not add to totals due to rounding.

1. Because of changes in occupational coding procedures in FY 1998, data may not be comparable with figures in previous years' Population Representation reports.

2. Although women do not serve in infantry positions, they do serve in other positions, such as gun crews, air crews, and seamanship specialties, which are part of the "infantry" area.

3. Non-occupational includes patients, students, those with unassigned duties, and unknowns.

4. Includes individuals who indicated non-Hispanic ethnicity or did not respond to the ethnicity question.

4. The race groupings used in this table reflect the number of individuals who indicate a single racial identity. Individuals who self-identify as multiracial are counted in the "two or more" category.

2. Income data do not refer to the characteristics of individual enlistees, but rather to the characteristics of their home communities. Rows and columns may not add to totals due to rounding.

3. The household income quintiles used in this table were taken from S. Watkins and J Sherk, "Who Serves in the U.S. Military? Demographic Characteristics of Enlisted Troops and Officers," Washington DC: Heritage Foundation, CDA08-05 (August 21, 2008). These income quintiles were computed using median household income for U.S. census tracts (weighted by the resident population of 18-24-year-olds). Rows and columns may not add to totals due to rounding. Data provided for only those individuals reporting a U.S. home of record.

1. Information applies to the home community of record reported by individual NPS and PS recruits. Socioeconomic classifications provided by Claritas, with matching done by zip code.

2. The race groupings used in this table reflect the number of individuals who indicate a single racial identity. Individuals who self-identify as multiracial are counted in the "two or more" category.

Rows and columns may not add to totals due to rounding.

Data provided for only those individuals reporting a U.S. home of record. The summary report defines urbanicity categories used.
