§ 2463 GUIDELINES AND PROCEDURES FOR USE OF CIVILIAN EMPLOYEES TO PERFORM DEPARTMENT OF DEFENSE FUNCTIONS

(AS UPDATED BY SEC 938 OF FY12 NDAA)

(a) Guidelines Required.—

(1) The Under Secretary of Defense for Personnel and Readiness shall devise and implement guidelines and procedures to ensure that consideration is given to using, on a regular basis, Department of Defense civilian employees to perform new functions and functions that are performed by contractors and could be performed by Department of Defense civilian employees. The Secretary of a military department may prescribe supplemental regulations, if the Secretary determines such regulations are necessary for implementing such guidelines within that military department.

(2) The guidelines and procedures required under paragraph (1) may not include any specific limitation or restriction on the number of functions or activities that may be converted to performance by Department of Defense civilian employees.

(b) Special Consideration for Certain Functions.— The guidelines and procedures required under subsection (a) shall provide for special consideration to be given to using Department of Defense civilian employees to perform any function that—

(1) is performed by a contractor and—

(A) is a critical function that—

(i) is necessary to maintain sufficient Government expertise and technical capabilities; or

(ii) entails operational risk associated with contractor performance;

(B) is an acquisition workforce function;

(C) is a function closely associated with the performance of an inherently governmental function;

(D) has been performed by Department of Defense civilian employees at any time during the previous 10-year period;

(E) has been performed pursuant to a contract awarded on a non-competitive basis; or

(F) has been performed poorly, as determined by a contracting officer during the 5-year period preceding the date of such determination, because of excessive costs or inferior quality; or

(2) is a new requirement, with particular emphasis given to a new requirement that is similar to a function previously performed by Department of Defense civilian employees or is a function closely associated with the performance of an inherently governmental function.

(c) Exclusion of Certain Functions From Competitions.— The Secretary of Defense may not conduct a public-private competition under this chapter, Office of Management and Budget Circular A–76, or any other provision of law or regulation before—
(1) in the case of a new Department of Defense function, assigning the performance of
the function to Department of Defense civilian employees;
(2) in the case of any Department of Defense function described in subsection (b),
converting the function to performance by Department of Defense civilian
employees; or
(3) in the case of a Department of Defense function performed by Department of Defense
civilian employees, expanding the scope of the function.

(d) Use of Flexible Hiring Authority.—
(1) The Secretary of Defense may use the flexible hiring authority available to the
Secretary pursuant to section 9902 of title 5, to facilitate the performance by
Department of Defense civilian employees of functions described in subsection (b).
(2) The Secretary shall make use of the inventory required by section 2330a (c) of this
title for the purpose of identifying functions that should be considered for
performance by Department of Defense civilian employees pursuant to subsection
(b).

(e) Determinations Relating to the Conversion of Certain Functions.—
(1) Except as provided in paragraph (2), in determining whether a function should be
converted to performance by Department of Defense civilian employees, the
Secretary of Defense shall—
(A) develop methodology for determining costs based on the guidance outlined in
the Directive-Type Memorandum 09–007 entitled ‘Estimating and Comparing
the Full Costs of Civilian and Military Manpower and Contractor Support’ or
any successor guidance for the determination of costs when costs are the sole
basis for the determination;
(B) take into consideration any supplemental guidance issued by the Secretary of
a military department for determinations affecting functions of that military
department; and
(C) ensure that the difference in the cost of performing the function by a
contractor compared to the cost of performing the function by Department of
Defense civilian employees would be equal to or exceed the lesser of—
(i) 10 percent of the personnel-related costs for performance of that
function; or
(ii) $10,000,000.
(2) Paragraph (1) shall not apply to any function that is inherently governmental or any
function described in subparagraph (A), (B), or (C) of subsection (b)(1).

(f) Notification Relating to the Conversion of Certain Functions.—The Secretary of Defense
shall establish procedures for the timely notification of any contractor who performs a
function that the Secretary plans to convert to performance by Department of Defense
civilian employees pursuant to subsection (a). The Secretary shall provide a copy of any such
notification to the congressional defense committees.
