4.1.3. A common method of accounting for Major DoD Headquarters manpower authorizations and personnel levels.

4.2. All military and civilian personnel authorized or assigned to organizations identified in Enclosure 2, paragraphs E2.1.1. through E2.1.3., shall be included in determining that organization's authorized or assigned Major DoD Headquarters strength. For organizations or constituent elements identified in Enclosure 2, paragraph E2.1.4., those military and civilian personnel authorized or assigned to the organization or constituent element therein, whose primary function is to support one or more Major DoD Headquarters Activities, shall be included in determining the organization's Major DoD Headquarters strength.

4.3. Major DoD Headquarters functions may not be established or transferred outside a Major DoD Headquarters Activity for the purpose of circumventing the personnel, accounting, and reporting provisions of this Instruction.

4.4. Multiple authorization documents, dual hatting (occupying two positions at the same time), or other special personnel accounting devices may not be used to distort the true strength or structure of Major DoD Headquarters Activities.

5. RESPONSIBILITIES

5.1. The Director of Administration and Management (DA&M) shall:

5.1.1. Develop Major DoD Headquarters policy, oversee its implementation throughout the Department of Defense, and issue guidance, as required, to further define the responsibilities and policies contained in this Instruction and section 130a of title 10, United States Code (Reference (d)).

5.3. The Director of Program Analysis and Evaluation (DPA&E) shall maintain information in the Future Years Defense Program (FYDP) that:

5.3.1. Identifies the number of personnel and total operating costs of each Major DoD Headquarters Activity by type (management/combatant) and by category of personnel (military/civilian).

5.3.2. Provides separate visibility of this data, consistent with Enclosure 4, for:

5.3.2.1. Defense-wide Combatant Headquarters Activities;

5.6.5. Conduct surveys or studies and establish administrative controls as needed to comply with this Instruction.

5.6.6. Cooperate and coordinate, particularly in the case of joint activities, with other DoD Components in the exchange of Major DoD Headquarters Activities data.

DEFINITIONS

For the purpose of this Instruction, the following definitions apply:

E1.1. Major DoD Headquarters Activities. Those headquarters (and the direct support integral to their operation) whose primary mission is to manage or command the programs and operations of the Department of Defense, the DoD Components, and their major military units, organizations, or agencies.

E1.2. Management Headquarters. Headquarters that are primarily responsible for overseeing, directing, and controlling subordinate organizations or units through:

E1.2.1. Developing and issuing policies and providing policy guidance;

E1.2.2. Reviewing and evaluating program performance;

E1.2.3. Allocating and distributing resources; or

E1.2.4. Conducting mid- and long-range planning, programming, and budgeting.

E1.3. Combatant Headquarters. Headquarters that are primarily responsible for overseeing, directing, and controlling the planning for and the employment of global or theater-level U.S. military forces.

E1.4. Direct Support. Professional, technical, administrative, or logistic support that is performed in, or provided directly to, a Major DoD Headquarters Activity and is essential to its operation.

E1.4.1. Direct support includes staff support (such as providing policy or program analysis or formulating policies, plans, and programs for a Major DoD Headquarters Activity) and operating support (such as providing secretarial, typing, editorial, or computer systems services to a Major DoD Headquarters Activity).

E1.4.2. Direct support does not include:

E1.4.2.1. Specific products or technical and operating-type services that are provided on a DoD, Component, or command-wide basis (such as payroll services or personnel processing and assignment functions);

E1.4.2.2. Base operating support functions provided by a host unit to all tenant organizations (such as facilities maintenance, printing and duplicating, or security services); or

E1.4.2.3. Support to tactical military operations (such as operational intelligence; target analysis; or command, control, and communications) when it is provided on a command-wide basis and is not limited to support of one or more Major DoD Headquarters Activities.

E1.4.2.4. Students, faculty, and staff of the Military Academies or other schools, and members of military bands.

E2. ENCLOSURE 2

IDENTIFICATION OF MAJOR DOD HEADQUARTERS ACTIVITIES

E2.1. STRUCTURE

Based on the definitions provided in Enclosure 1, Major DoD Headquarters Activities shall consist of the following:

E2.1.1. The OSD, the Joint Staff, and the headquarters elements of the Defense Agencies and of the Office of the IG DoD.

E2.1.2. The Military Department headquarters down to and including the headquarters of all major commands and their equivalent.

E2.1.3. Headquarters of operational military forces down to and including the headquarters of the Combatant Commands, the primary component command headquarters of the Military Services within the Combatant Commands, and the headquarters of the Navy Type Commands and Fleet Marine Forces.

E2.1.4. Direct Reporting Units, Field Activities and Agencies, Operating Activities, Staff Support Activities and Agencies, or other organizations reporting to a headquarters listed in paragraphs E2.1.1. through E2.1.3. when they provide direct support integral to the operation of the headquarters or a staff element of the headquarters. This includes a constituent element of a larger organization when the element provides direct support and reports to a Major DoD Headquarters Activity for operational supervision and tasking. As used in this context, the term “constituent element” refers to a subordinate unit of an organization, such as staff office, directorate, division, branch, section, detachment, or squadron. Such organizations, or their constituent elements, shall normally be designated as Major DoD Headquarters Activities when:

E2.1.4.1. Their primary mission is to support one or more Major DoD Headquarters Activities;

E2.1.4.2. They would no longer be required if the Major DoD Headquarters Activity (or Activities) they support were to be disestablished; or

E2.1.4.3. They are collocated with a Major DoD Headquarters Activity and their personnel are physically or operationally intermingled with the staff or support elements of the activity.

E2.2. FUNCTIONS

Specific Major DoD Headquarters ~~F~~Functions are defined in Enclosure 3. DoD organizations currently identified as Major DoD Headquarters Activities are listed in Enclosure 4.

E2.3. INTERNATIONAL COMMITMENTS

In fulfillment of U.S. international commitments, the Department of Defense provides military and civilian personnel to serve in International Military Headquarters that are responsible for multinational combatant, peacekeeping, humanitarian, and other missions requiring the use of combined military forces. These headquarters are not part of the Department's internal management or command structure and, therefore, are not categorized as Major DoD Headquarters Activities.

E3. ENCLOSURE 3

MAJOR DOD HEADQUARTERS FUNCTIONS

E3.1. PURPOSE

Organizational and management arrangements and command relationships differ greatly among the DoD Components. A strict DoD-wide Major DoD Headquarters comparison based on similarity of mission, title, organizational level, or other superficial comparison is, therefore, inadequate to ensure DoD-wide comparability in identifying and accounting for Major DoD Headquarters Activities. Therefore, with the exception of those organizations identified in paragraphs E2.1.1. through E2.1.3. (which are categorically designated as Major DoD Headquarters in their entirety), the organizational elements of the headquarters structures of the various DoD Components must be included or excluded from Major DoD Headquarters accountability based on an analysis of their respective functions and the manner in which these functions are performed within each DoD Component. Accordingly, this Enclosure provides a common DoD-wide list of the functional areas that must be considered when identifying Major DoD Headquarters Activities and when accounting for their personnel resources. It is to be used in conjunction with the definition criteria in Enclosure 1 of this Instruction.
